PATRON

Dr.Madhumita Parida, Chairperson
Dr. R. Bhima Rao, Director R&D
Ms. Sasmita Parida, Director
Prof.(Dr.) Sarat Kumar Mishra, Principal

CONVENOR

Mr. Ajit Kumar Panda (HOD EE & EEE)

CO-CONVENOR

Dr. Soumya Ranjan Mohapatra (Asso. Prof. Mgmt)

CO-ORDINATOR

Er. Kamalakanta Dash (Principal, ASET)
Er. Dharmasish Behera (Lect. Mining)
Er. Jagan khatoi (Lect. Mining)

ADVISORY COMMITTEE

Prof. Sasmita Parida, Director, AIET
Dr. R. Bhima Rao, Director R&D
Dr. B. R. Mishra (CGM, IREL DAEGOI)
Dr. T. Gouricharan (Head Coal Preparation, CFMRI, Dhanbad)
Dr. T. Sunita Routray (Asso. Prof. ME, C. V. R. G. U)

ORGANIZING COMMITTEE

Prof.Sasmita Parida, Director, AIET
Prof. Alok Sundar Mohanty, Chief Mentor
Prof. Murari Prasad Panda, HOD (CE)
Prof. Amiya Kumar Sahoo, Dean (Academics)
Prof. Kamalakanta Dash, Principal (ASET)
Prof. Debendra kumar sahoo, HOD (ECE)
Prof. Bhagyashree Panda, HOD (ME)
Prof. Pratyushbhanu Khuntia, HOD (CSE)
Prof. Ajit Kumar Panda, HOD (EE & EEE)
Prof. Prakash Kumar Dehury (Asst. Prof. CSE)
Prof. Chinmaya Prasad Nanda (Asst. Prof. ME)
Prof. Rudra Prasad Nanda (Asst. Prof. ECE)
Prof. Soumya Ranjan Mohapatra (Asso. Prof. Mgmt)
Prof. Dipti Ranjan Pattnaik (Lect. ME)

RESOURCE PERSONS

Prof. (Dr.) Singam Jayanthu,
(Prof. in Mining, NIT Rourkela)

Er. Sudhanshu Patni,
(IMFA, Bhubaneswar)

Er. Sabyasachy Mishra,
(Head, Mines & Production Planning, Tata Steel Ltd)

Er. J N Sadangi,
(GM (Mining) IREL (OSCOM)

Organizes

NATIONAL WEBINAR

on

Advancement in Mining Industries

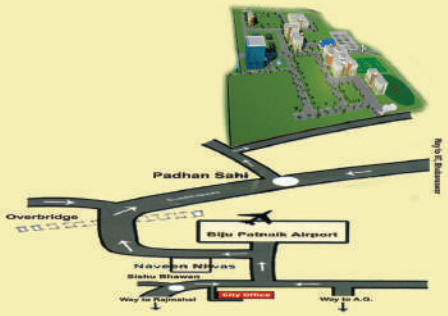
Date: 7.10.2020

ARYAN
INSTITUTE OF ENGINEERING & TECHNOLOGY

Ph.no :- 0674-2377102

ABOUT THE WEBINAR

Rapid advances in technological innovation, including through automation, digitization and electrification, there are having a rapid fundamental impact on the mining sector. A few technologies reshaping the sector include autonomous vehicles, automated drilling and tunnel boring systems, drones etc. However, as time progressed, society has developed safer and more accurate methods of locating and uncovering substances found in the earth sensors. The history of mining is rich and complicated. Mining has led to great advancements for society, but the dangers of mining have also resulted in the deaths of many workers. As technology continues to advance, the mining techniques become even more accurate and efficient. In the future, revolutionary technologies may eliminate the need for hands-on involvement from miners entirely. The present webinar is aimed to deal with advancement in mining technologies including mining methods, computer applications, production, mining waste management etc…



ABOUT AIET

Established in the year 2009, Aryan Institute of Engineering and Technology (AIET) is one of the premier Engineering colleges in the self-financing category of Engineering Education in Eastern India. It is situated at temple city Bhubaneswar, Odisha and is a constituent member of Aryan Educational Trust. This reputed engineering college is accredited by NAAC, UGC and is affiliated to BPUT, Odisha. AIET aims to create disciplined and trained young citizens in the field of engineering and technology for holistic and national growth. The college is committed towards enabling secure employment for its students at the end of their four year engineering degree course. (The NAAC accreditation in the year 2018 vouches for the college's determination and dedication for sustainable learning environment). The academic fraternity of AIET is a unique blend of faculty with industry an academic experience. This group of facilitators work with a purpose of importing quality education in the field of technical education to the aspiring students. Affordable fee structure alongwith approachable location in the smart city of bhubaneswar, makes it a preferred destination for aspiring students and parents.
